

October 12, 2011

Dear Majestic Homeowner,

That time of the year is upon us when the cooler fall weather starts to roll in. With that begins the slow migration of "Snowbird" friends from the north. I wanted to let each of you know of some exciting news that you can share with your winter guests. The Resort Collection of Panama City Beach is going to offer "On-Site Majestic Activities & Fitness Programs" designed especially for your winter guests. Some of the activities and fitness programs all ready scheduled include Bridge, Euchre, Yoga, Pilates, Water Aerobics, and Toning Classes. They are working on additional activities as well and should have a full calendar for your winter guests to enjoy. This will be available to all guests. Further details will follow. If you have any questions you may contact Nick Bland, Director of Resort Activities for The Resort Collection of Panama City Beach at (850)235-4044 ext 71106.
